A lot of good view points on here. You either take a stand for the violations of the agreement or you don't. You  
front out the supervisors who are unethical and tyrants or you don't. This web page contains the true story of  
CSX locomotive 8888, an EMD SD40-2 that escaped from Stanley Yard in Toledo, Ohio on May 15,  
2001. Union Pacific late on Sep. 17 (following Wall Street close of business) announced a new operating plan,  
"Unified Plan 2020," that "implements Precision Scheduled Railroading principles" that were deployed over the  
past 20-odd years at, in order, Illinois Central, CN, Canadian Pacific and CSX by the late E. Hunter  
Harrison. Title Presenter Company Date; Equipment Asset Committee (EAC) Update: Jim Pinson: Railinc: 2018
