Founded in 1979, MIT Working Papers in Linguistics is an entirely student-managed organization, run by the graduate students in the MIT Doctoral Program in Linguistics. MITWPL is dedicated to promoting student linguistic research by publishing dissertations and papers and, with the proceeds, equitably funding travel, fieldwork and equipment purchases. The Oxford Handbook of Chinese Linguistics offers a broad and comprehensive coverage of the entire field from a multi-disciplinary perspective. All chapters are contributed by leading scholars in their respective areas. This Handbook contains eight sections: history, languages and dialects, language contact, morphology, syntax, phonetics and phonology, socio-cultural aspects and neuro ... In sociolinguistics, a T-V distinction (from the Latin pronouns tu and vos) is a contrast, within one language, between various forms of addressing one's conversation partner or partners that are specialized for varying levels of politeness, social distance, courtesy, familiarity, age or insult toward the addressee. Many languages lack this type of distinction, instead relying on more ... The study of language, linguistics, has been developing into a science since the first grammatical descriptions of particular languages in India more than 2000 years ago, after the development of the Brahmi script. Modern linguistics is a science that concerns itself with all aspects of language, examining it from all of the theoretical viewpoints described above.
