During the Bourbon reforms of the eighteenth century, the crown increased mercury production at Almadén and lowered the price to miners by half resulting in a huge increase in Mexico's silver production. As production costs dropped, mining became less risky so that there was a new surge of mine openings and improvements. The Bible (from Koine Greek βιβλία, tà biblía, "the books") is a collection of sacred texts or scriptures. Varying parts of the Bible are considered to be a product of divine inspiration and a record of the relationship between God and humans by Christians, Jews, Samaritans, and Rastafarians.. What is regarded as canonical text differs depending on traditions and groups; a number ...
